## ROAD TO MEDELLIN BEGINS TODAY!

Dear friends,

As our world begins to move past the pandemic that has transformed our lives over the past year, we have put the finishing touches on our plans to host the [World Conference of Science Journalists](#) in Medellin, Colombia. With the aim of optimizing the ability of attendees to travel in this remarkable country, the conference dates have been moved to the week of **June 27, 2022**. In addition, there will be a variety of virtual conference sessions in the two weeks leading up to the physical events in Medellin, Colombia.

That means our calendar from **13 June 2022 to 1 July 2022** will be packed with keynote speakers, panel discussions, site visits, and even our first-ever online film festival. It will all make for a gathering of people and ideas that is more accessible than anything we have ever mounted.

We cannot wait to share with you more information in the coming months. For now, mark your calendar and sign up to receive updates, the road to Medellin begins today!
